INTERDEPARTMENTAL COMMUNICATION

Date: June 17, 2022

To: Chairman Doug Chaffee
Vice Chairman Don Wagner
Supervisor Andrew Do
Supervisor Katrina Foley
Supervisor Lisa A. Bartlett

From: Shari L. Freidenrich, CPA, CCMT, CPFA, ACPFIM 

Subject: Treasurer's Investment Report for the Month Ended May 31, 2022

The Treasurer's Investment Report for the month ended May 31, 2022 is attached, is online at octreasurer.com/publicfunds and is provided in compliance with California Government Code Sections 53607, 53646 and 27134 and the County's Investment Policy Statement (IPS). This report contains various charts and information for the Orange County Investment Fund (OCIF), defined in the IPS as all monies under the investment authority of the Treasurer. The OCIF consists of Pooled Funds, defined in the IPS as the Orange County Treasurer's Pool (OCTP), and Specific Investment Accounts that by law, are called the County Treasury.

OCIF STATISTICS

The OCIF summary shows the total investment responsibility of the County Treasurer as delegated by the Board of Supervisors and further reported as OCTP and Specific Investment Accounts. The statistics are further broken down into the Orange County Investment Pool (OCIP) that includes the County's and the Voluntary Participants' funds, the Orange County Educational Investment Pool (OCEIP) that includes all funds of the Educational Districts and each Specific Investment Account. Investment of these public funds by the County Treasurer is based on compliance with State law and prudent money management. The primary goal is to invest public funds in a manner that will provide for maximum security of principal invested with secondary emphasis on providing adequate liquidity to pool participants and lastly to achieve a market rate of return within the parameters of prudent risk management while conforming to all statutes and resolutions governing the investment of public funds.

This summary also includes additional statistics such as daily and monthly yields, weighted average maturities and net asset values. The maximum maturity of the OCTP is five years, with duration not to exceed 1.5 years, and the duration is currently at 0.83 years. All investments in OCIF are marked to market daily to calculate their daily fair value. To further maintain safety, adherence to an investment strategy of only purchasing top-rated securities and diversification of instrument types and maturities is required. The current market values for both OCIP and OCEIP continue to be below book values due to the increase in the short term rate of 0.75% in March and May by the Federal Open Market Committee (FOMC). In addition, the two specific investments for Fountain Valley School District and Coast Community College District are also now slightly below book value. The OCIP, OCEIP, Fountain Valley School District and the Coast Community College District Specific Investment Accounts have sufficient liquidity to meet projected cash flow needs.

ECONOMIC UPDATE

The U.S. economy continued slowing in the first quarter as quarterly growth fell 1.5% as net exports declined again. While job gains were strong in May at 390,000 after increasing 410,000 in April, inflation increased 8.6% as core prices for housing and services continued rising. The FOMC increased the Federal Funds rate range to 1.50%-1.75% from 0.75%-1.00% at the conclusion of its meeting on June 15th, which is the first move of 0.75% since 1994.

Some U.S. economic releases in May 2022:

- Gross Domestic Product decreased -1.5% (survey: -1.3%) in the first quarter compared to the fourth quarter's rate of 6.9%.
- Consumer prices increased at an 8.6% (survey: 8.3%) annual rate in May, up from the prior month's 8.3%.
- The unemployment rate remained unchanged at 3.6% (survey: 3.5%) in May.
- The Empire State Manufacturing Index decreased -11.6 (survey: 15.0), from 24.6 while the Philadelphia Fed Index fell to 2.6 (survey: 15.0) from 17.6, in April. The Federal Reserve uses these indexes as regional economic gauges with a positive reading signaling economic expansion.

The Treasury yield curve flattened as short-term interest rate rose and longer-term interest rates declined in May. The 90-day Treasury Bill rate increased to 1.04% from 0.84%. The 2-year Treasury Note decreased to 2.56% from 2.72% while the 10-year Treasury Bond rate decreased to 2.85% from 2.94%.

INVESTMENT INTEREST YIELDS AND FORECAST

The current gross and net year-to-date yields for fiscal year 2021/2022 are 0.51% and 0.46% for OCIP and 0.51% and 0.45% for OCEIP, slightly lower than the current forecasted gross and net yields for fiscal year 2021/2022 of 0.54% and 0.48%. Due to the increase in the Federal Funds rate this week by the FOMC, we will provide the fiscal year 2022/2023 gross and net yields forecast next month.

APPORTIONMENT OF COMMINGLED POOL INTEREST EARNINGS

Monthly, the County Treasurer apportions the accrued interest earnings. As of the first business day of the following month accrued, but unpaid, interest earnings are added to pool participants' average balances in determining a participant's relative share of the pool's monthly earnings. The actual cash distribution for March 2022, April 2022 and May 2022 interest apportionments are expected to be paid in June 2022, July 2022 and August 2022 respectively.

TEMPORARY TRANSFERS

The County Treasurer, as required by Constitution Article XVI, Section 6, and per the Board of Supervisor's Resolution 15-016, is authorized to make temporary transfers to school districts to address their short-term cash flow needs. The loans are secured by tax receipts to be received by the County Treasurer, as the banker for the school districts. There were no temporary transfers outstanding as of May 31, 2022.

PORTFOLIO HOLDINGS OF DEBT ISSUED BY POOL PARTICIPANTS

Under guidelines outlined in the current IPS, the County Treasurer may invest in "AA" or above rated securities issued by municipalities. Municipal debt issued by the County of Orange is exempt from this credit rating requirement and also has a 10% limit, versus most investment securities have a 5% limit. The OCTP has a total market value of \$521.8 million in County of Orange debt, which represents approximately 4.1% of OCTP. Prior to purchasing any pool participant debt, a standardized credit analysis is performed.

COMPLIANCE SUMMARY

The investment portfolios had no IPS compliance exceptions in the month of May 2022.

CREDIT UPDATE

During May, there were no changes to the Treasurer's Approved Issuer List. An ongoing credit analysis of all issuers owned is reviewed on a daily, monthly, quarterly and annual basis.

I certify that this report includes the OCTP and Specific Investment Accounts as of May 31, 2022 and is in conformity with all State laws and the IPS approved by the Board of Supervisors on December 14, 2021. The OCTP herein shown provides adequate liquidity to meet the next six months of projected cash flow requirements. I am available if you have any questions on this Investment Report at (714) 834-7625.

¹ Market values provided by Bloomberg and Northern Trust.

² Market values for OCIP and OCEIP are lower than book values. Short-term rates have risen slightly causing the market values on these pools to be below book values. The OCIP and OCEIP have sufficient liquidity to meet projected cash flow needs. The OCIP Monthly Average Balance is lower than the prior month primarily due to \$353 million of property tax apportionments to the OCEIP. The OCIP Year-To-Date Average Balance is higher than the prior year due to the cumulative impact of unspent ARPA funds in the general fund and higher capital projects balances.

³ The OCEIP End of Month Market Value, End of Month Book Value, and Monthly Average Balance are higher than the prior year primarily due to increases in property tax apportionments.

⁴ The OCIP and OCEIP Monthly Accrued Earnings are higher than the prior year due to higher yields. The OCEIP Monthly Accrued Earnings are higher than the prior month due to higher Monthly Average Balances and higher yields. The OCIP and OCEIP Monthly Net Yields are higher than the prior month and year due to purchases at slightly higher interest rates. The OCIP and OCEIP Year-To-Date Net Yield and Annual Estimated Gross Yield are lower than the prior year because the 0.75% of FOMC short-term rate increases have not yet offset the five short-term rate cuts totaling 2.25% since June 2019. The OCIP and OCEIP Annual Estimated Gross Yields for May 2021 are reported at the actual annual adjusted gross yields for FY 20-21.

⁵ The OCIP WAM decreased from the prior year due to shorter term purchases in a rising interest rate environment.

ORANGE COUNTY TREASURER-TAX COLLECTOR
CASH AVAILABILITY PROJECTION
FOR THE SIX MONTHS ENDING NOVEMBER 30, 2022

Government Code Section 53646 (b) (3), effective on January 1, 1996, requires the Treasurer-Tax Collector to include a statement in the investment report, denoting the ability of the Orange County Investment Pool (OCIP) and the Orange County Educational Investment Pool (OCEIP) to meet their expenditure requirements for the next six months.

The OCIP and OCEIP consist of funds in the treasury deposited by various entities required to do so by statute, as well as those entities voluntarily depositing monies in accordance with Government Code Section 53684.

The Treasurer-Tax Collector is required to disburse monies placed in the treasury as directed by the Auditor-Controller and the Department of Education, except for the making of legal investments, to the extent funds are transferred to one or more clearing funds in accordance with Government Code Section 29808.

The Treasurer-Tax Collector, in her projection of cash availability to disburse funds as directed by the Auditor-Controller and the Department of Education, is primarily relying on historical trends involving deposits and withdrawals and known future cash flows. No representation is made as to an individual depositor's ability to meet their anticipated expenditures with anticipated revenues.

The Cash Availability Projection for the six months ending November 30, 2022, indicates the ability of the pools to meet projected cash flow requirements. However, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material.

(1) The 2022 IPS compliance effective January 1, 2022.

(2) All investments are marked to market in compliance with the IPS and market values are provided by Bloomberg and Northern Trust.

(3) Excludes US Government Debt and municipal debt issued by the County of Orange, California, per the 2022 IPS policy approved by the Board of Supervisors on December 14, 2021 effective on January 1, 2022.

(4) IPS requirements further limit investments in each MMMF account, JPA pool and repurchase agreement issuer to 10%.

(5) Modified duration which does not take into consideration all embedded options such as callable bonds.

(6) The OCTP NAV reflects the slight decrease in market values due to an increase in short-term rates causing the NAV to go below 1.0000 to 0.9875, but the NAV is slightly higher than last month at .9866. The OCTP has sufficient liquidity to meet projected cash flow needs.

Note: Compliance exceptions, if any, are noted by red shading for the specific IPS guideline and investment pool.
