Vice Chairman Doug Chaffee

Supervisor Andrew Do Supervisor Katrina Foley Supervisor Vicente Sarmiento

From: Shari L. Freidenrich, CPA, CCMT, CPFA, ACPFIM

Subject: Treasurer's Investment Report for the Month Ended June 30, 2024

The Treasurer's Investment Report for the month ended June 30, 2024, is attached, is online at octreasurer.com/publicfunds and is provided in compliance with California Government Code Sections 53607, 53646 and 27134 and the County's Investment Policy Statement (IPS) approved by the Board of Supervisors on December 19, 2023. This report contains various charts and information for the Orange County Investment Fund (OCIF), defined in the IPS as all monies under the investment authority of the Treasurer. The OCIF consists of Pooled Funds, defined in the IPS as the Orange County Treasurer's Pool (OCTP), Specific Investment Accounts and a Bond Proceeds Account that by law, are called the County Treasury.

OCIF STATISTICS

The OCIF summary shows the total investment responsibility of the County Treasurer as delegated by the Board of Supervisors. The primary goal is to invest public funds in a manner that will provide for maximum security of principal invested with secondary emphasis on providing adequate liquidity to pool participants and lastly to achieve a market rate of return within the parameters of prudent risk management while conforming to all statutes and resolutions governing the investment of public funds.

This summary includes OCIF statistics, such as cost, book value, market value, daily and monthly yields, the weighted average maturity and the net asset value. The report also contains limited information on the two reporting entities, the Orange County Investment Pool (OCIP) that includes the County's and the Voluntary Participants' funds and the Orange County Educational Investment Pool (OCEIP) that includes all funds of the Educational Districts.

All investments in OCTP, the Specific Investments and Bond Proceeds Account are marked to market daily to calculate their daily fair value. The current market values for OCTP, one Specific Investment Account (Fountain Valley School District) and the Bond Proceeds Account (CCCD Series 2017E Bonds) continue to be below book values. Each of these Accounts has sufficient liquidity to meet their projected cash flow needs. The maximum maturity of the OCTP is five years, with duration not to exceed 1.5 years. The duration is currently at 1.05 year. To further maintain safety, adherence to an investment strategy of only purchasing top-rated securities and diversification of instrument types and maturities is required. On November 1, 2023, Fitch assigned the OCTP their highest credit rating of AAAf for credit risk and a rating of S1, indicating a very low sensitivity to market risk.

ECONOMIC UPDATE

The U.S. economy continues to experience employment gains, yet inflation remains above the Federal Open Market Committee's (FOMC) target of 2%. Job gains were 206,000 in June after increasing 218,000 (revised down) in May, while May's headline inflation decreased to 3.3% year over year, lower than April's 3.4%. The FOMC held interest rates at a range of 5.25-5.50% on June 12, 2024. Neither the financial market nor the FOMC are pricing a change at the next FOMC meeting on July 31, 2024. Other recent U.S. economic releases include:

- Gross Domestic Product (revised up) slowed to 1.4% (survey: +1.4%) in the first quarter compared to the fourth quarter's rise of 3.4%.
- The Unemployment Rate increased to 4.1% (survey: 4.0%) in June from 4.0% in May.
- The Empire State Manufacturing Index increased to -6.0 (survey: -10.0) from the prior month's -15.6 while the Philadelphia Fed Index decreased to 1.3 (survey: 5.0) from 4.5 in June. The Federal Reserve uses these indexes as regional economic gauges with a positive reading signaling economic expansion.

The Treasury par yield curve inverted further in June. The 90-day Treasury Bill rate increased to 5.48% from 5.46%. The 2-year Treasury Note fell to 4.71% from 4.89% while the 10-year Treasury Bond rate decreased to 4.36% from 4.51%.

INVESTMENT INTEREST YIELDS AND FORECAST

The year-end OCTP gross and net yields for fiscal year 2023-2024 are 4.28% and 4.25%. The daily gross yield for OCTP as of June 30, 2024, is 4.53%. The year-end yields ended up slightly lower than the revised forecast of 4.31%, but higher than the original forecasts of 4.05% and 4.00%, respectively. We expect to provide our forecasted gross and net yields and the estimated investment administrative fee for fiscal year 2024-2025 next month.

APPORTIONMENT OF OCTP INVESTMENT EARNINGS

Monthly, the County Treasurer calculates the accrued interest earnings for OCTP. As of the first business day of the following month accrued, but unpaid, interest earnings are added to pool participants' average balances in determining a participant's relative share of the OCTP's monthly earnings. The actual cash apportionment for the April 2024, May 2024 and June 2024 interest earnings are expected to be paid in July 2024, August 2024, and September 2024 respectively.

TEMPORARY TRANSFERS

The County Treasurer, as required by Constitution Article XVI, Section 6, and per the Board of Supervisor's Resolution 15-016, is authorized to make temporary transfers to school districts to address their short-term cash flow needs. The loans are secured by tax receipts to be received by the County Treasurer, as the banker for the school districts. There were no temporary transfers outstanding as of June 2024.

COMPLIANCE SUMMARY

The investments in OCIF had no compliance exceptions in the month of June 2024.

CREDIT UPDATE

During May, there were no credit rating changes and no changes to the Treasurer's Approved Issuer List. Credit analysis occurs for all issuers owned on a daily, monthly, quarterly, and annual basis.

I certify that this report includes the OCTP, the Specific Investment Accounts and the Bond Proceeds Account as of June 30, 2024, and is in conformity with all State laws, the IPS and bond indenture agreements. The OCTP herein shown provides adequate liquidity to meet the next six months of projected cash flow requirements. I am available if you have any questions on this Investment Report at (714) 834-7625.

¹ Market values provided by Northern Trust and excludes accrued interest.

² The Year-To- Date Average Balance is higher than the prior year primarily due to an increase in property assessed values of 6.41% in FY 23-24.

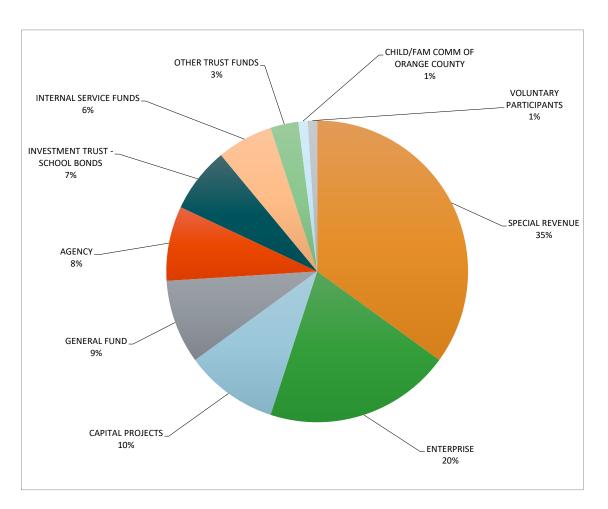

³ The Monthly Accrued Earnings, Monthly Net Yield and Year-To-Date Net Yield are higher than prior year due to the FOMC target rate range of 5.25% -5.50%, and reinvestment yields that are higher than the current portfolio yield and the maturing securities, respectively.

⁴ The Annual Estimated Gross Yield is higher than the prior year due to continued higher yields from short-term rate increases. The Annual Estimated Gross Yield for June 2023 is reported at the actual annual gross yields for FY 22-23.

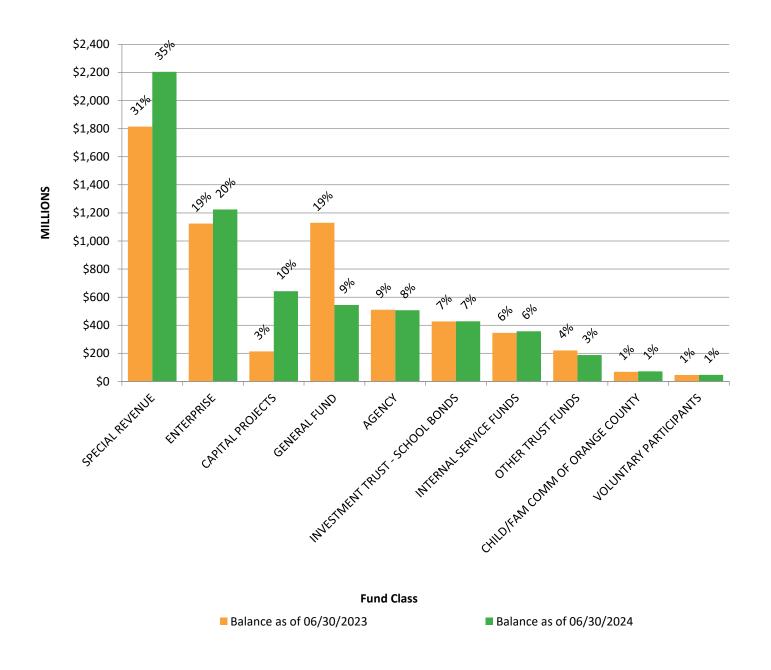

⁵ The WAM is higher than the prior month and year due to longer term purchases. The financial market is not pricing a change in rates at the next FOMC meeting in July 2024.

ORANGE COUNTY TREASURER-TAX COLLECTOR CASH AVAILABILITY PROJECTION

FOR THE SIX MONTHS ENDING DECEMBER 31, 2024

Government Code Section 53646 (b) (3), effective on January 1, 1996, requires the Treasurer-Tax Collector to include a statement in the investment report, denoting the ability of the Orange County Treasurer's Pool (OCTP) to meet expenditure requirements for the next six months.

The OCTP consists of funds in the treasury deposited by various entities required to do so by statute, as well as those entities voluntarily depositing monies in accordance with Government Code Section 53684.

The Treasurer-Tax Collector is required to disburse monies placed in the treasury as directed by the Auditor-Controller and the Department of Education, except for the making of legal investments, to the extent funds are transferred to one or more clearing funds in accordance with Government Code Section 29808.

The Treasurer-Tax Collector, in her projection of cash availability to disburse funds as directed by the Auditor-Controller and the Department of Education, is primarily relying on historical trends involving deposits and withdrawals and known future cash flows. No representation is made as to an individual depositor's ability to meet their anticipated expenditures with anticipated revenues.

The Cash Availability Projection for the six months ending December 31, 2024, indicates the ability of the pools to meet projected cash flow requirements. However, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material.
